Exchange Student Bonanza...

Chuck and Carolyn Snyder hosted 17 students from 15 countries at their lake house in Paw Paw , MI. The students were accompanied by Julie and Linda Yates and our own Jerry Cierniak. On Saturday, Hinsdale Rotarians, Mike Sedlak, Mike James and Keith Larson arrived as reinforcements but they too were soon overwhelmed by the energy of these High School Seniors and bid a quick retreat late Saturday Night. Among the many activities at the Lake House were Skiing , tubing, more tubing, more skiing, nerf football, bag toss, all culminated by a bonfire at sunset.

Pictured are 6 of 17 students in the bow of the Snyder's boat.

100 Years Of The Rotarian...

magazine are now online through a joint effort with Google Books. Full-color, searchable scans of all issues of the magazine from 1959 to 2008 are now available with more issues to follow. The site is accessible from The Rotarian's page on the RI Web site, www.rotary.org.

Users can select from a gallery of issues organized by decade or click "Search all issues" to search the entire catalog for a word or phrase.

The collaboration is part of an initiative to make Rotary's historical resources more accessible to Rotarians worldwide. "Google is doing all of the scanning and indexing to make the material searchable -- and at no cost to Rotary," says Stephanie Giordano, archivist for Rotary International. More than 72,000 pages will be available once Google finishes scanning and uploading all 1,100 issues. The first issue was published in January 1911, when the magazine was called The National Rotarian.

At last week's meeting, Dr. Gary Lipinski presented a very engaging expose of his volunteer medical mission to Honduras. Members listened intently as Dr Lipinski described the conditions and purpose of his trip. He and a team of seven doctors, and 23 medical personnel, including four residents of Hinsdale, set off on a seven day mission to help heal and treat an astonishing 400 patients per day. They set-up medical facilities in local churches and community centers. Part of the trip involved cramming 16 of their team into the back of a pick-up truck that made its way up a steep dirt road to a mountaintop village. Many of the patients walked 4 to 5 hours to seek treatment, most of them children. Great work Dr. Lipinski!

Some issues of interest include December 1979, which reported on Rotary's first polio immunization project; the February 2005 centennial issue; and issues from the 1980s discussing the admission of women into Rotary.
