### Concert To End Polio...

Rotary International is teaming up with violin virtuoso Itzhak Perlman and the world-renowned New York Philharmonic to present the Concert to End Polio, a benefit performance supporting the global effort to eradicate this disabling, sometimes fatal, childhood disease.

The concert will be held on December 2 in Avery Fisher Hall at the Lincoln Center for the Performing Arts in New York City.

The polio eradication effort resonates strongly with Perlman, who contracted the disease at age four and overcame serious physical challenges to become one of the world's most celebrated musicians. In this special one-night-only performance, his first with the New York Philharmonic in four years, Perlman will help Rotary in its effort to raise \$200 million to match \$355 million in challenge grants from the Bill & Melinda Gates Foundation.

"We are honored that an artist of Mr. Perlman's stature and a cultural institution as revered as the New York Philharmonic are supporting Rotary

District Governor, and Conductor Jim Czerwionka stressed the importance of membership at his visit last week.

in our effort to achieve a polio-free world," says RI President John Kenney. "Their participation demonstrates the importance of this unprecedented global health initiative. It will be our lasting gift to the world's children."
